

## Malton Town Council Community Engagement Policy

### Community Engagement

Councillors represent views and opinions of the community, support local organisations, campaign on local issues, and develop links with all parts of the community.

Councillors act as a voice for local people, help individual residents and represent their local area.

Councillors decide which policies the Council should pursue, ensure that they are carried out and monitor services provided to ensure that they are delivered in the most efficient and effective way.

To do this they need to have regular contact with the general public through Council meetings, email, letters, telephone calls, websites, social media and parish walks.

### Overview

Malton Town Council's community engagement policy will demonstrate how the Council will co-ordinate our engagement with all communities within the geographical area of Malton.

The Council recognises that:

- All people within Malton should be involved in the decisions that affect them
- All people within Malton deserve high quality public services, shaped around their needs
- Town Council policies and strategies should reflect local priorities, requirements and the aspirations and vision of the community of Malton
- The community is diverse, and
- There is a need to provide appropriate opportunities for local people and the community to participate at whatever level they wish to influence service delivery, decision making and policy development.

This Community Engagement Policy aims to support the development of:

- **Strong communities** that can form and sustain their own organisations, bringing people together to deal with their common concerns.
- **Active communities** where people are supported to improve quality of life in their own communities.
- **Inclusive communities** where all sections of the community feel they have opportunities to be involved in decision making and influence public services.

### Objectives

- Develop and sustain opportunities for local people and groups to influence what happens in their community.
- Provide opportunities for communities to shape and influence the development and delivery of quality services and policies that reflect local needs and priorities.

Detailed consideration will be given to all projects, proposals and policies to ensure we achieve our stated objectives. Such decisions will be continually monitored and reviewed to ensure they are flexible and that they evolve to respond to the changing needs of our community.

In particular we will:

- Improve co-ordination and governance of community engagement activities by the development of protocols and frameworks that reach out and involve the community as a whole
- Develop a web-based resource to engage consultation with the local community and wider interest community

## **Community Engagement Activities**

Malton Town Council will engage with the community in a number of different ways:

### **(a) Information**

This supports all types of community engagement and keeps people informed about decisions, services and local events.

Our principal means of achieving this are through the following channels:

- The Mayor systematically supporting the initiatives of residents, businesses, local schools, charities, voluntary and other organisations
- The monthly publication of the Clerks Report
- The publication of the Annual Report
- Regular drop-in sessions for residents and others
- Attendance with the Council gazebo in the Market Place at with monthly food market
- The Town Council website
- Twitter, Facebook and other social media initiatives
- An annual event for the town's key partners and other stakeholders
- An annual Civic Service
- Noticeboards
- The publication of news releases and through regular dialogue with the media
- The publication of Meeting Minutes
- The distribution of occasional leaflets to explain specific initiatives

### **(b) Consultation**

- This is used when there is a decision to be made or when there are a number of choices available. For example the Council carried out a full community consultation in December 2021/January 2022 with regard to a wheeled facility at Rainbow Lane Play Area, the results of the survey showed an overwhelming need for pump track rather than a skatepark which was the original idea.
- The Council's main means of achieving this are by feedback from Town Council Information as above; Public Open Sessions; Town Council Website and Facebook.

### **(c) Attendance At Meetings**

- All members of the public are welcomed and encouraged to attend any Town Council meeting and dates of all meetings are publicised through Noticeboards, Website or direct from the Town Clerk's office
- The public are able to speak directly to members at Town Council meetings and full details are widely available, and
- Residents are also able to attend and take a full part in the Annual Town Meeting.

### **(d) Have Your Say**

Every resident and visitor is welcome to put forward their thoughts, ideas, concerns criticisms or worries by telephone, email or in writing and the Town Council will consider and respond to all such communications.

### **(e) Partnership Working**

Everyone has a part to play in making this Community Engagement Policy work.

In particular:

- All Malton residents
  - All residents of surrounding parishes
  - Visitors to the Town
  - Elected Members, who play a key part in delivering the aims of this policy
- 
- Council staff and volunteers
  - Community and voluntary sector groups and organisations
  - Partners of the Town Council

Malton Town Council seeks to work with other organisations and groups both within and outside the parish, together with individuals from the community, voluntary and private sectors to ensure that engagement activities influence the future direction of the Town.

The Council also recognises that it need to work with local and visiting communities to encourage effective community engagement and ensure that processes are flexible and can be tailored to different groups and individuals in different area of the Town. The Council understands that sometimes people are reluctant to get involved and we will work with other partners to ensure that community engagement is as straightforward as possible and targeted appropriately.

**(f) Role of Councillors**

Every Councillor is involved in a range of representational roles within the community and is available to his/her electors to engage in a range of local issues, raising these with the Town Council or other body as appropriate.

Every type of involvement is important in the community engagement process and different methods will be used depending on the activity and circumstances. Our aim is to demonstrate how community engagement activity can make genuine improvement to services.

**(g) Ward Parish Walks**

Councillors will arrange to walk the parish at least once a year to meet the community. Ward walks provide an opportunity for residents across Malton to have their say and raise issues that are important to them. It involves Councillors, Council Officers and representatives from other organisations that deliver services in Malton.
