

## MALTON TOWN COUNCIL

### DOCUMENT RETENTION POLICY

#### Document Retention Policy

#### 1. Introduction

1.1 In the course of carrying out its various functions and activities, the Council collects information from individuals and external organisations and generates a wide range of data/information which is recorded. These records can take many different forms including:-

- Letters received from third parties
- Copy letters which have been sent out
- File attendance notes
- Invoices
- Completed application forms
- Plans/drawings
- Financial records
- Registers
- Contracts/deeds
- E-mail communications, and any attachments
- Photographs
- Tape recordings

1.2 Many of the above documents can be retained as 'hard' paper records or in electronic form.

1.3 Retention of specific documents may be necessary to:

- Fulfil statutory or other regulatory requirements
- Evidence events/agreements in case of disputes
- Meet operational needs
- Ensure the preservation of documents of historic or other value

1.4 The untimely destruction of documents could cause the Council:

- Difficulty in defending litigious claims
- Operational problems
- Embarrassment
- Failure to comply with the Freedom of Information or Data Protection Acts requirements.

1.5 Conversely, the permanent retention of all documents is undesirable, and appropriate disposal is to be encouraged for the following reasons:

- There is a shortage of storage space
- Disposal of existing storage use can free up space for more productive activities
- Indefinite retention of personal data may be unlawful
- Reduction of fire risk
- Decluttering can be psychologically beneficial

1.6 Modern day records management philosophy emphasises the importance of organisations having in place systems for the timely and secure disposal of documents / records that are no longer required for business purposes. Additionally the freedom of information act will make it important that the Council has clearly defined policies and procedures in place for disposing of records, and that these are well documented

## 2. Scope and Purpose

2.1 The purpose of this policy is to provide a corporate policy framework to govern decisions on whether a particular document (or set of documents) should either be:

- Retained – in what format and for what period, or
- Disposed of – if so when and by what method

## 3. Retention Period & Reasons

3.1 The retention periods for the different types of documentation and information held is set out in the table below, also the reason for retention given therein

3.2 In the event a decision is taken to dispose of a particular document or set of documents in accordance with the table below, consideration should be given to the method of disposal as set out below:

## 4. Method of Disposal

4.1 Disposal can be achieved by a range of processes:

- Confidential waste – i.e. making available for collection by a designated refuse collection service.
- Physical destruction on site – i.e. shredding paper records
- Deletion – where computer files are concerned
- Migration of document to external body

### **Retention of documents table for Malton Town Council**
